Product Overview

Cold-formed steel framing, channels and accessories

What we stock, in which sizes and thicknesses, and the tools that help you select, quote and submit it.

Product families

Family	Sizes	Thickness	Yield	Coating
Drywall studs & track (traditional)	1-5/8" to 6" web, 1-1/4" flange / leg	18, 30, 33 mil	33 ksi	G40
EQ drywall studs & track	1-5/8" to 6" web	25EQ, 20EQ	50 / 70 ksi	G40EQ
Structural studs (C)	2-1/2" to 12" web, 1-5/8" to 2-1/2" flange	33 to 97 mil	37 ksi	G60
Structural track	2-1/2" to 12" web, 1-1/2" to 2" leg	33 to 54 mil	37 ksi	G60
Furring (hat) channel	7/8" x 1-1/4" crown	18 to 54 mil	33 ksi	G40
U channel / cold rolled channel	3/4" to 2"	43, 54 mil	33 / 50 ksi	G40 / G60
Long angle, structural angle, flat strap	3/4" to 4" legs; 2" to 10" strap	18 to 97 mil	33 / 50 ksi	G40
Galvanized and prepainted coil, sheet, deck	by order	by order	by order	G30 to G115

Higher coatings (G60 / G90) and other grades on request. Exact availability by size and thickness: see the online catalog.

How the designation works

Members are identified with the industry four-part code, e.g. 362S125-30: web depth 3.62" (3-5/8"), S = stud with lips (T = track, U = channel, F = furring, L = angle), flange 1.25", minimum base steel thickness 30 mil (0.030"). EQ members add the equivalent-gauge grade, e.g. 362S125-18 (20EQ).

Online tools

- Product catalog - search every stocked section by SSMA code and filter by size, thickness, yield, coating and standard.
- Limiting height selector - published interior heights and calculated curtain-wall heights for our studs.
- Calculators - stud and track takeoff, weights, screws, truckloads and coil.
- Submittal package builder - cover, transmittal and product data sheets as a PDF.
- Request for quote - multi-line quote list with file upload; we reply within 1 business day.

Supply

- Jobsite delivery across New Jersey and the New York metro area; freight quoted elsewhere.
- Pickup from our Paterson, NJ warehouse by appointment.
- Mill test reports and certificates of compliance with the shipment or on request.
